## Data Collection & Communication Software

---

### WinWedge Std: \$259

### WinWedge® Pro: \$495

*Serial data acquisition software.*

Collect data from Balances, Gages, Bar Code Scanners, pH Meters, Laboratory Instruments, Sensors, GPS Receivers, PBX Systems, etc., any RS232 instrument or device. Input real-time RS232 data directly into MS Excel, Access and any other Windows application. Supports full 2-way I/O.

### Included with WinWedge®Pro...TCP-Wedge™:

Capture TCP/IP data directly into any Windows application. Collect data from instruments connected to Ethernet networks or the Internet directly into Excel, Access, etc. Full support for 2-way I/O allows you to both send and receive data over a TCP/IP port directly from within any Windows application.

### TCP-Com™: \$259 (2 licenses)

*Serial (RS232) to TCP/IP conversion software.*

TCP-Com allows you to easily transmit and receive RS232 serial data over any TCP/IP network including LANs, WANs or the Internet.

### Com-File™: \$129

### TCP-File™: \$129

Simple Windows-based RS232 or TCP/IP data logging software.

### File-Wedge™: \$159

File-Wedge reads data from any disk file, custom tailors it to your requirements, then transfers the data directly into any Windows application—either by sending keystrokes to the application or by passing the data using Dynamic Data Exchange (DDE).

### CE-Wedge™: \$129

Input RS232 data directly into any Windows CE application including Pocket Excel, Pocket Word, etc. Use your Windows CE computer as a portable data acquisition device!

### BC-Wedge™: \$129

Simplified version of WinWedge just for collecting data from RS232 bar code scanners directly into any Windows (or DOS) application.

## Bar Code Generating Software

---

### B-Coder® Pro: \$395

Bar code generating software. B-Coder easily creates professional quality bar code graphics for use in any other Windows application. It can also automate bar code production in MS Word.

### B-Coder Lite: \$199

Lower priced version of B-Coder for low volume bar code applications. Creates professional quality bar codes as graphics to paste or import in any Windows program. (16 bit program)

### Bar Code ActiveX Control: \$695

### Bar Code ActiveX PLUS: \$995

Easily add professional quality bar code printing functions to your own Windows applications in minutes. Use with VB, Access, C++, ASP web pages, Word, Excel, Active Reports, etc.

### Bar Code DLLs

Programmer's tools for adding professional quality, device independent bar code printing to your custom applications. Includes many programming examples for C/C++, Visual Basic, Visual Studio.NET, etc.

## Hardware

---

TALtech carries RS232 add in boards, USB to RS232 converters and a wide selection of high quality, affordably priced bar code laser scanners.

## Money-Back Guarantee

Test all TALtech software products **completely risk-free for 90 days**. If the software is not right for you for any reason just return it for a full refund. You have my personal, unconditional guarantee that you will be completely satisfied.
