

TAL Technologies, Inc. Products

Data Collection & Communication Software

WinWedge® Standard \$299, Pro \$499

Serial Data Acquisition Software

Collect data from Balances, Gages, Barcode Scanners, pH Meters, Laboratory Instruments, Sensors, GPS Receivers, Telephone Systems, etc., any RS232 instrument or device. Input real-time RS232 data directly into Microsoft Excel, Access, and any other Windows application. Supports full 2-way I/O.

WinWedge Standard includes COM-File. WinWedge Pro includes TCPWedge, FileWedge, TCP/Com, COM-File, and TCP-File. TCPWedge and FileWedge are modified versions of WinWedge that capture data from TCP/IP devices and log files, respectively.

TCP/Com™ \$199

Serial (RS232) to TCP/IP Interface Software

TCP-Com allows you to easily transmit and receive RS232 serial data over any TCP/IP network including LANs, WANs or the Internet. Unlimited connections.

BC-Wedge™ \$99

Barcode Scanner Data Collection Software

Simplified version of WinWedge just for collecting data from RS232 bar code scanners directly into any Windows application.

Com-File™ & TCP-File™ \$99

RS232 and TCP/IP Data Logging Software

Log data directly to a disk file from up to 16 device simultaneously.

CE-Wedge™ \$99

Windows CE Data Collection Software

Input RS232 data directly into any Windows CE application including Pocket Excel, Pocket Word, etc. Use your Windows CE computer as a portable data acquisition device!

Money-Back Guarantee

Test all TALtech software products **completely risk-free for 90 days**. If the software is not right for you for any reason just return it for a full refund. You have my personal, unconditional guarantee that you will be completely satisfied.

Price List & Licensing

Last Updated April 14th 2015

Desktop Software: Each license is valid for the specified number of PCs / users within a single company. A license cannot be "split" and therefore Individual PC / user allocations cannot be resold or distributed across multiple companies. A single registered contact will be able to receive product updates and technical support. For more than 50 PCs, contact us for a custom Site license quote.

Part	Product Name	Single 1 PC	Dual 2 PCs -002M	Team 6 PCs -006M	Group 12 PCs -012M	Office 25 PCs -025M	Site 50 PCs -050M
WS3	WinWedge Standard S	\$299	\$499	\$1090	\$1790	\$2990	\$4490
WP4	WinWedge Pro S (Limited time sale)	\$499 \$399	\$649	\$1490	\$2390	\$3990	\$5990
TC7	TCP/Com	\$199	\$299	\$790	\$1190	\$1990	\$2990
CF2	COM-File	\$99	\$159	\$390	\$690	\$1090	\$1790

DLLPSC	Barcode DLL Plus w/ Source Code S	-	\$1990	\$3490

S Indicates item is available for shipping. Shipment contains a back-up CD and software manual. Buyer pays shipping cost.

Software Fulfillment

All software material is distributed electronically, including setup files, PDF manuals, and any supplemental / example files. A valid email is required. If the end-user is different from the buyer, provide the name and email of the end-user in addition to the buyer's.

License Upgrades

Upgrading to a more comprehensive license (for example, a Single to a Team) is available at any time for the difference in cost between the two licenses. License downgrades are only available within the return period (90 days).

Software Updates

Minor maintenance updates are free of charge. These may include upgrading from WinWedge Standard 3.0 to 3.4. Major feature updates are available, perhaps from 3.0 to 4.0, for a reduced cost of the software price. Details and pricing can be found by ordering online or contacting us.

Free Lifetime Technical Support

Free support is provided to all registered users of our software. This typically includes email and phone support for troubleshooting configuration issues and capturing data into common programs, like Microsoft Excel.

Test all TALtech software products completely risk-free for 90 days. If the software is not right for you, for any reason, just return it for a full refund. You have my personal, unconditional guarantee that you will be completely satisfied.
