## Data Collection & Communication Software

**WinWedge®** Standard \$299, Pro \$499

### Serial Data Acquisition Software

Collect data from Balances, Scales, Gages, Calipers, pH Meters, Lab Instruments, Sensors or **any** RS232, USB or Ethernet connected\* instrument or device. Input real-time device data directly into MS Excel, Access, and **any** Windows application. Supports full 2-way I/O.

\*WinWedge Standard supports RS232 and USB devices with COM port driver. WinWedge Pro supports RS232, USB and Ethernet -TCP/IP

**TCP/Com™** \$199

### Serial (RS232) to TCP/IP Interface Software

TCP-Com allows you to easily transmit and receive RS232 serial data over any Ethernet or TCP/IP network. Or direct Ethernet data to new virtual COM ports. Unlimited connections. DOWNLOAD FREE TRIAL.

**BC-Wedge™** \$99

### Barcode Scanner Data Collection Software

Simplified version of WinWedge for collecting data from RS232 barcode scanners directly to Windows applications.

**Com-File™ & TCP-File™** \$99

### RS232 and TCP/IP Data Logging Software

Log data directly to a disk file from up to 16 device simultaneously.

**CE-Wedge™** \$99

### Windows CE Data Collection Software

Input RS232 data directly into any Windows CE application including Pocket Excel, Word, etc. Use your Windows CE device for portable data acquisition.

**HID Scale-Wedge™** \$99

### USB-HID Scale Data to Any Windows Application

HID Scale-Wedge inputs data from many low cost USB-HID connected postage and package scales. Easily input weight data directly into Excel, Access, inventory applications, accounting programs, any Windows application or any web page. DOWNLOAD FREE TRIAL.

## Barcode Generating Software

**B-Coder® Pro** \$399

### Professional Barcode Creation Software

Easily generate professional barcode graphic files and insert them into any Word document or other Windows applications. Fully supports all standard barcode types. It can also automate barcode production in Microsoft Word for high volume label production. DOWNLOAD FREE.

**Barcode ActiveX™** Linear \$399, Plus \$599

### Barcode Generation in Access, VB, the Web, & more

Easily add professional quality barcode printing functions to your own Windows applications in minutes. Use with MS Access, C++, ASP web pages, VB, Word, Excel, Active Reports, etc. DOWNLOAD FREE TRIAL.

**Barcode DLLs™** Linear \$699, Plus \$999

### Programmer Tools for Professional Barcodes

Programmers add device independent barcode printing to custom applications. Includes many programming examples for C/C++, VB, Visual Studio.NET, etc.

# Price List & Licensing

Last Updated January 1<sup>st</sup> 2021

**Desktop Software:** Each license is valid for the specified number of PCs / users within a single company. A license cannot be "split" and therefore Individual PC / user allocations cannot be resold or distributed across multiple companies. A single registered contact will be able to receive product updates and technical support. For more than 50 PCs, contact us for a custom Site license quote.

Part	Product Name	Single 1 PC	Dual 2 PCs -002M	Team 6 PCs -006M	Group 12 PCs -012M	Office 25 PCs -025M	Site 50 PCs -050M
WS3	WinWedge Standard	\$299	\$499	\$1299	\$2390	\$4490	\$7990
WP4	WinWedge Pro <input type="checkbox"/>	\$499	\$799	\$2299	\$4390	\$7990	\$11990
TC7	TCP/Com	\$199	\$299	\$890	\$1490	\$2230	\$5990
CF2	COM-File	\$99	\$179	\$495	\$895	\$1790	\$3290
TF1	TCP-File	\$99	\$179	\$495	\$895	\$1790	\$3290
BW1	BC-Wedge	\$99	\$179	\$495	\$895	\$1790	\$3290
CW1	CE-Wedge	\$99	\$179	\$495	\$895	\$1790	\$3290
UW1	HID Scale Wedge	\$99	\$179	\$495	\$895	\$1790	\$3290
BP4	B-Coder Pro	\$399	\$649	\$1490	\$2390	\$3990	\$5990

**Developer Software:** Each license can be redistributed as part of an application to the specified number of possible end-users and is valid for a single developer, except for the "Team" license which is valid for 6 developers within a single company. A single registered contact will be able to receive product updates and technical support. *Note: The Small Project license can only be distributed to end-users within a single site / company.*

Part	Product Name	Small Project 1 Developer / 25 End-Users	Developer 1 Developer / 10,000 End-Users	Development Team 6 Developers / 10,000 End-Users
AXL	Barcode ActiveX Linear	\$399	\$699	\$1790
AXP	Barcode ActiveX Plus <input type="checkbox"/>	\$599	\$999	\$2490
DLL	Barcode DLL Linear	-	\$699	\$1790

DLLP	Barcode DLL Plus	-	\$999	\$2490
DLLPSC	Barcode DLL Plus w/ Source Code <input type="checkbox"/>	-	\$1990	\$3490

☐ Indicates item is available for shipping. Shipment contains a back-up CD and software manual. Buyer pays shipping cost.

## Software Fulfillment

All software material is distributed electronically, including setup files, PDF manuals and any supplemental / example files. A valid email is required. If the end-user is different from the buyer, provide the name and email of the end-user in addition to the buyer's.

## License Upgrades

Upgrading to a more comprehensive license (for example, a Single to a Team) is available at any time for a fee. License downgrades are only available within the return period (90 days).

## Software Updates

Minor maintenance updates are free of charge. Version updates are available for a reduced cost to registered users. Details and pricing can be found by ordering online or contacting sales@taltech.com.

# Free Lifetime Technical Support

Free support is provided to all registered users of our software. This typically includes email and phone support for troubleshooting configuration issues and capturing data into common programs, like Microsoft Excel.

*Test all TALtech software products completely **risk-free** for 90 days. If the software is not right for you, for any reason, just return it for a full refund. You have my personal, unconditional guarantee that you will be completely satisfied.*
